SAMPLE WEB DEVELOPMENT PROJECTS

MYFLIX | Angular | April - May 2021

A single-page, responsive movie application built using the MEAN stack (MongoDB, Express, Angular, and Node.js). This app allows registered users to browse movies by specific criteria and update personal information, including a list of favorite movies.

Live project: <https://jborchers.github.io/myFlix-Angular-client/>

MEET APP | React Native | June 2021

A serverless, progressive web application (PWA) built using React Native as well as a test-driven development (TDD) technique. This app uses the Google Calendar API to fetch upcoming events and is able to work offline. Data visualization was used to display the popularity of events by genre as well as the number of events by location.

WORK EXPERIENCE

MISSIONS DOOR, Denver

Communications Coordinator | May 2019 – Present

- Website Management with WordPress, developing and editing web pages
- Coordinate the design, printing and mailing of promotional materials and resources for all personnel in the organization, including brochures, flyers, business cards, and video
- Coordinate the creative writing, design and distribution of monthly newsletters to a distribution list of 2,000+ recipients

Admin Assistant & Personnel Coordinator | December 2017 – May 2019

- Candidate Application and Screening: worked to see local and international applicants successfully move through appointment, guiding them through a carefully documented process of approval
- Data collection and visualization to develop easy-to-understand reports for the Board, Executive Leadership Team, Office Staff, and donor base
- Event Coordinating: oversight of several regional events, budgeting, communicating with venues and catering companies, and attendee support

AMERICAN MOUNTAINEERING MUSEUM, Golden

Marketing & Social Media Intern | March 2017 – December 2017

- Management of social media marketing to promote museum and events
- Assist in set-up and running of promotional events, volunteer coordinating
- Designing of logos and digital/print advertisements

FREELANCE DESIGN

Graphic Designer | 2014 – Present

- Commissioned for custom logo designs, advertisements, newsletters, and marketing material
